Model: Tapo P125

Live Smarter

Remote Control

Schedule & Timer

Voice Control

Easy setup

Away Mode

Flame-retardant*

Works with
Apple Home

works with
alexa

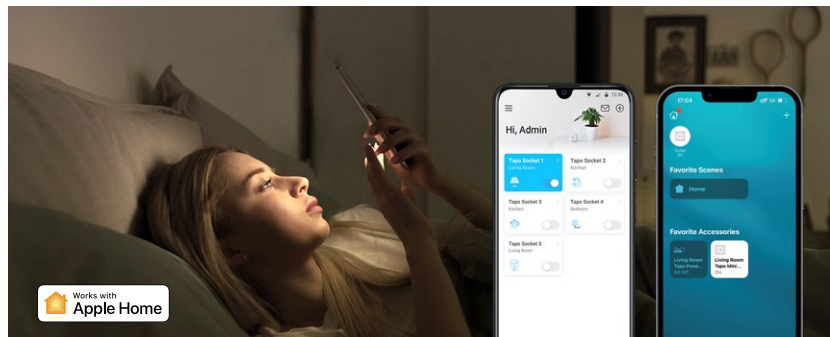

works with
Google Home

// Highlights

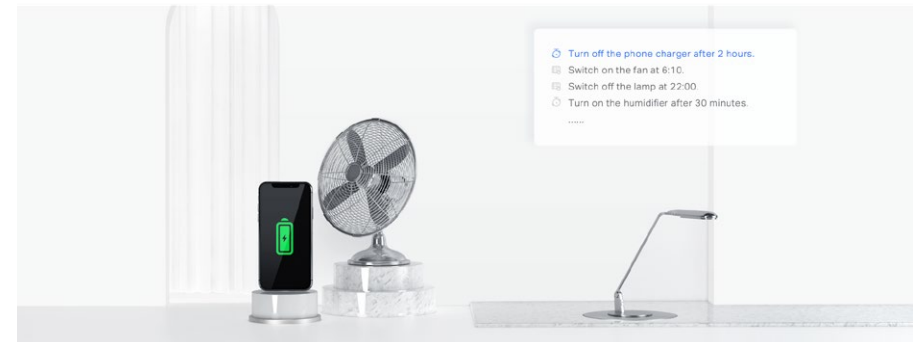

Remote Control from Anywhere

Instantly turn connected devices on/off wherever you are via the Tapo app or Apple Home app. Designed to facilitate your life and help eliminate potential safety hazards.

Live Smarter by Presetting Time

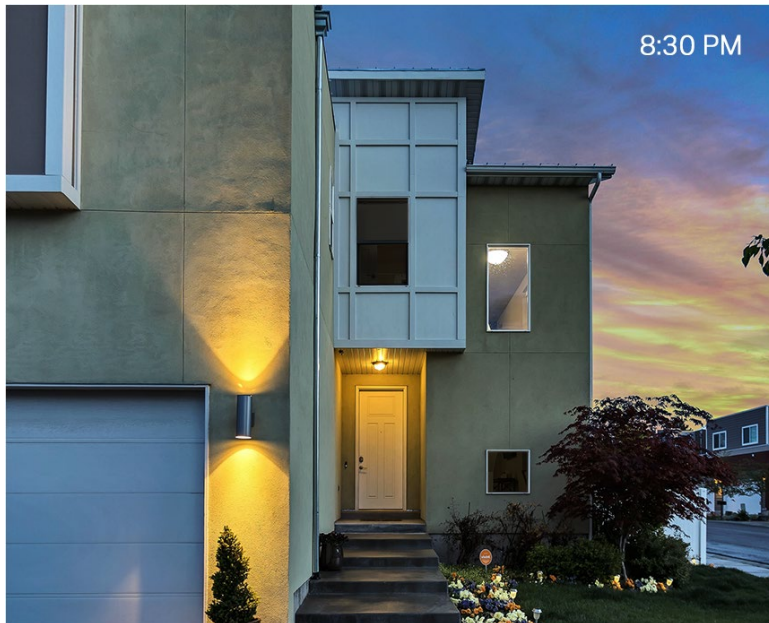

Schedule and Timer features allow you to create weekly schedule and countdown plans. All of your connected electronics will automatically work at your preset time, making your life smart, convenient, and energy-saving.

// Highlights

A Deterrent for Your Home

Away Mode, a feature that intelligently simulates someone being home by turning the plugged in device (like a lamp) on and off, makes it appear that someone is home when you're on long trips to keep away people with ill intent.

Free Up Your Hands with Voice Control

You can use Siri, Amazon Alexa or Google Assistant to control your devices with voice commands like "Hey Siri, turn on the toaster please".

// Features

- **Remote Control** – Instantly turn connected devices on/off wherever you are through the Tapo app.
- **HomeKit Compatible** – Set up and control using the Apple Home app directly from your iPhone or iPad.
- **Schedule** – Preset a schedule to automatically manage devices.
- **Timer** – Create countdown timer lists for connected electronics.
- **Voice Control** – Manage your smart socket with voice commands via Siri, Amazon Alexa, or the Google Assistant.
- **Away Mode** – Automatically turns devices on and off at different times to give the appearance that someone is home.
- **Compact Design** – Mini-sized to avoid blocking adjacent sockets.
- **Easy Setup and Use** – No hub required, set up quickly and manage easily through the free app. Bluetooth onboarding technology makes setup simpler for faster connection.
- **Device Sharing** – Easily share management permissions with each member of your family.
- **Flame-Retardant*** – PC flame-retardant materials help minimize burning hazards.

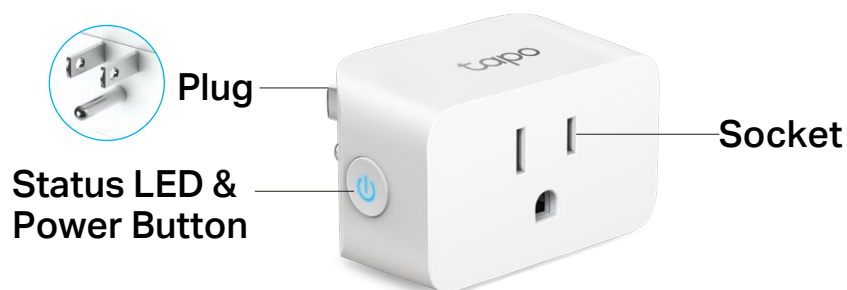

// Specifications
