

Mini Smart Wi-Fi Socket, Energy Monitoring

Tapo P110

Energy Monitoring

Auto-Off Timer

Voice Control

Remote Control

Set schedules

Away Mode

Flame-Retardant

Share to Family

// Features

Energy Monitoring

Keep track of the real-time energy consumption of your connected devices and reduce unnecessary energy loss while lowering your electric bills with the Schedule and Timer features. You can also improve safety by automatically shutting off connected devices when the power usage exceeds the set threshold.

Voice Control^Δ

Control your devices with simple voice commands using Amazon Alexa or Google Assistant, without having to leave your spot.

// Features

Live Smarter by Presetting Time

The Schedule and Timer features enable you to create weekly schedules and countdown plans, adding convenience to your life. With the enhanced Auto-Off feature, your connected devices will automatically turn off if left on for a set time, ensuring your safety and saving energy.

Share to Family

With the Tapo app, you can easily share management permissions of your devices with your family members, saving time and enhancing user-friendliness.

// Features

Remote Control

Instantly turn connected devices on/off wherever you are via the Tapo app. Designed to simplify your life and help eliminate potential safety hazards.

Away Mode

Intelligently simulate someone being at home by randomly turning the plugged-in device on and off, making it appear as if someone is home.

// Specifications
